

SCHOOL HIGHLIGHTS

Each day at Madison Elementary is dedicated to inspiring each student to extraordinary achievement while providing a safe, positive learning environment. We serve approximately 732 preschool through sixth grade students who speak 12 languages and represent 15 different nationalities.

We are especially proud of our Spanish and English Dual Language Immersion Program. Students begin the program in kindergarten and continue through sixth grade. By developing fluency in two languages, students receive a rich, culturally diverse experience through a rigorous curriculum.

Madison strives to create a family-oriented environment from the moment children walk through our door in the morning until the last child and teacher leave for the day. We believe in every child.
