

SCHOOL FACT SHEET 2024-2025

SCHOOL HIGHLIGHTS

At Woodlake, the academic success of your student is our greatest purpose. We provide a safe, rigorous and engaging learning environment, along with the life skills necessary to prepare your student for college and a career.

Our goal is to develop confident, knowledgeable, active and civic-minded students. We offer many programs to give students ample opportunities to explore, collaborate with others and practice their skills. These opportunities are available during the regular school day and as a part of our after school program.

Our staff is committed to having strong home-to-school partnerships and recognizes these partnerships are crucial to student success. We aim to develop long-term partnerships with our parents and community through consistent, open and clear communication. We understand that every student has different needs and conditions to thrive and are dedicated to their success. Together we will inspire each student to extraordinary achievement each day.
