## 2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 School Description and Mission Statement

Donald Rheem Elementary School is a K-5 elementary school located in the Moraga School District. The total enrollment in 2024-2025 is 448, and the average class size is 24 students. All classrooms have teaching assistants who work from five to eight hours per week, depending on grade-level assignments. The school has a number of programs in addition to regular classroom activities. Art, Music, Science, and Physical Education programs are delivered to all students by teachers credentialed in those areas. Weekly scheduled library time is provided to all grade levels. TK-2nd grade students have access to iPads, and 3rd-5th grade students have access to Chromebooks.

## 2024-25 School Description and Mission Statement

An English Language Learner (ELL) program is offered to those students who qualify for this service. Our Special Education staff consists of two Education Specialists, a part-time teaching assistant, a part-time School Psychologist, a part-time Occupational Therapist, and two part-time Speech and Language Pathologist. Donald Rheem Elementary has four part-time literacy intervention tutors who support students in their literacy development. A school counselor is available five days a week to support student needs and school-wide, social, and emotional learning.

Donald Rheem Elementary's staff, students, and parents are committed to meeting the needs of all who attend by providing an effective instructional program designed to improve students' academic, social, and physical growth. Moraga School District works in partnership in order to deepen the district's equity work to support a strong foundation in anti-racist practices and inclusion. Monthly meetings with district and site leadership, teachers, parents, and community members focus their work on plans that promote a safe and diverse environment that supports and provides a welcoming environment for all of our community members. We are in full support of the mission of the Moraga School District to provide a supportive and challenging academic environment that encourages critical and creative thinking, maximizes individual students' strengths, and motivates them to be lifelong learners and responsible citizens. This is accomplished by a dedicated team of educators, parents, community members, and students.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All students were assigned adopted textbooks and materials. The Moraga School District convenes textbook committees to help in the selection process. The textbook committees consist of teachers and administrators in the District. State-approved books are reviewed, piloted, and a selection is made based upon predetermined criteria. The books go on public display for two weeks and are then presented to the Governing Board for adoption. The district has affirmed that class sets or electronic versions of textbooks are available to all students, including English learners. Books have been purchased for all core academic areas at all grade levels. Textbooks are California Department of Education-approved and California Standards-based. A public hearing is held each year and reports are made quarterly to the Governing Board to meet all requirements according to the Williams Settlement Agreement.

### School Facility Conditions and Planned Improvements

Donald Rheem Elementary School is comprised of seven buildings, including 30 classrooms, a gymnasium, a library, one computer lab, and after-school daycare facilities. Through funding provided by Measure V, significant modernization efforts began in the Summer of 2019 and have reached completion.

Currently, Donald Rheem Elementary School is developing plans for implementation of another bond issue, Measure D.

Donald Rheem Elementary School provides a safe and clean environment for students, staff, and community members. Site custodians ensure a sanitary learning space through daily work that is supervised and inspected by site principals on a routine basis. All classrooms, restrooms, and athletic centers are prioritized on the regular cleaning schedule. Outside trash is collected daily to reduce an unwanted animal presence on the school campus. The site principal and custodians work in conjunction with the district Director of Buildings and Grounds to seek ways to increase the cleanliness of the Donald Rheem campus regularly. The school is inspected annually by the Fire Marshal and periodically by school site administrators.

The repair and maintenance of Donald Rheem Elementary School are prioritized and implemented by the Director of Buildings and Grounds. Work is carried out by the members of the Maintenance Department to ensure that the facilities remain in excellent repair. Generally, site custodians, secretaries, and principals submit tickets through the work order system for the Director of Buildings and Grounds to receive. Emergency repairs are given the highest priority, as is anything that poses a threat to student safety. Recently, the roof for Wing 4 was replaced with a new foam structure to alleviate problematic leaks. Repairs to roof on Wing 3 will allow us to maintain the roof for another three to five years. Priorities for the Maintenance Department remain to address old roofs for Wing 2.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	80	82	81	81	46	47
<b>Mathematics</b> (grades 3-8 and 11)	83	88	75	76	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Parents are an integral part of the learning community at Rheem School. Our parent community is well-informed, and we make much effort to include parents in all aspects of the school's functions. Parents volunteer in classrooms, class parties, activities, snack time, and lunchtime, and they help at home with many projects and assignments. Our PTA offers many opportunities for parents to be involved in school and community-related events, such as serving as committee chairs and members, fundraising activities, legislative action, and communication with other parents. The Moraga Education Foundation (MEF) raises community funds to support selected instructional programs. Our parent community financially supports school personnel, activities, and events through many significant, generous donations.

## 2024-25 School Safety Plan

The District's Student Safety Committee, comprised of parents, classified staff, teachers, administrators, superintendent and at least one governing board member and representatives from the police department and the Child Abuse Prevention Council as needed, meets seven times throughout the year to monitor the District's Comprehensive Safety Plan or CSP. The Student

## 2024-25 School Safety Plan

Safety Committee develops annual CSP goals and ensures the CSP is compliant per SB 187. The CSP is annually approved by the Governing Board by March 1st.

The plan consists of two sections:

1. The "Comprehensive School Safety Plan" (Section II), which includes all components required by Education Code 32281-32282 except for the emergency preparedness components.
2. The "Emergency Preparedness Plan" (Section IV) includes disaster procedures (routine and emergency), including earthquakes and other man-made or natural disasters.

Individual school sites have developed site-specific emergency plans and procedures for a variety of different types of emergencies, including:

1. Pre-Disaster Procedures
2. Evacuation routes
3. Incident Command and Staff Assignments (roles and responsibilities)
4. Operations
5. Safety/Security
6. Planning
7. Student Release
8. Communications
9. Pandemics

## Professional Development

The Moraga School District facilitated professional development opportunities aligned with LCAP goals through five dedicated days in 2023-2024. These days emphasized collaborative learning around key questions of a professional learning community, school climate, belonging, and social-emotional learning.

The District's Teacher on Special Assignment (TOSA) played a key role in supporting classroom teachers by providing lesson demonstrations, instructional resources, and differentiated growth opportunities. The TOSA also worked closely with new teachers to facilitate curriculum planning and coaching cycles.

Additionally, teachers engaged in collaborative professional development through staff meetings, weekly collaboration, and after-school meetings. These opportunities fostered capacity building and sharing of best practices for student engagement. New teachers also participated in the Contra Costa County Office of Education's Teachers Induction Program (TIP).

This table displays the number of school days dedicated to staff development and continuous improvement.
