SCHOOL HIGHLIGHTS

Families choose Orchard Elementary because of our small community atmosphere, highlighted by many student and family events. The teaching staff's years of committed and dedicated service to our school is evident in their strong relationships with students and families, as well as their ability to differentiate instruction to meet the needs of their learners.

Teachers work collaboratively to develop engaging units of study that incorporate Science, Technology, Engineering, Arts and Mathematics (STEAM) and the arts as learning tools, as well as to evaluate students' learning. Our staff works tirelessly to develop and maintain positive relationships with each child, ensuring they feel valued and empowered to face any challenges that lie ahead.

EXCELLENCE IN EDUCATION

Orchard Elementary is a positive learning environment with high expectations. We are a community that work and learn together. We seek to prepare our students for continuous individual development, to be skillful and reflective learners, and to positively impact their community. We strive to help students become goal-oriented, critical thinkers who are committed to achieving the highest level of academic success. We work hard to ensure that our students are given the tools to meet their own personal social and emotional needs.

At Orchard Elementary, we offer:

- Average teacher experience at 10+ years
- Formative and Benchmark assessments data used to improve instructional practices
- Grade level Professional Learning Communities (PLCs)
- Lesson Design and Consortium of Reading Excellence (CORE) reading focus throughout K-6 grades
- Teacher teams meet monthly to review data, procedures and instructional practices
